Mission Statement

Saint Mark the Evangelist Catholic School is a Catholic Learning Community that values and respects each individual by nurturing their academic, spiritual and personal growth.

A Prayer to St. Mark

St. Mark,
we pray to you to help us find the right path to follow
in our actions, and in our words,
to help us find knowledge and peace.
Help us every day to become closer to Jesus' word
of love and forgiveness.
Inspire us to be closer to God and His teachings of life.
St. Mark, give us the courage and strength
to be the best Catholics we can be.

Message from the Principal and Vice Principal

Welcome to St. Mark The Evangelist Catholic School

The information found in this agenda is intended to introduce you to some of the aspects of our school operations. We continue to build our school community by introducing and developing further aspects of our school in collaboration with the Catholic School Council.

Parents/guardians, students, staff and the clergy are regarded as partners in the process of education. We hope that this agenda will be informative and helpful as we work together in helping our children grow spiritually, academically and socially.

Please take the time to become familiar with this information. A mutual understanding of our school routines and a clear definition of our expectations will form the basis of a positive relationship between the home and school.

We believe that the religious formation of each student is rooted in a partnership of Church, Home and School. In making the decision to send a child to a Catholic school, parents are acknowledging their responsibility to support their child in full sacramental participation in their faith. We maintain an active working relationship with Holy Family Parish and encourage parents to do the same.

To all of our new families we welcome you to St. Mark The Evangelist Catholic School! We look forward to working with you and your children as you become part of our exciting school community.

Best wishes for a successful year.

Sincerely,

M. Clunis

Durham Catholic District School Board Safe, Caring and Healthy Elementary Schools

The Durham Catholic District School Board recognizes that a school should be a place that promotes responsibility, respect, civility, and academic excellence in a safe learning and teaching environment. A positive school climate exists when all members of the school community feel safe, comfortable, and accepted. With this right, comes the responsibility of all members of the community to work together to create a positive learning environment where all members feel supported.

ACCESS TO PREMISES

Parents/guardians are welcome to visit the school to discuss an issue with teachers or administrators. In keeping with the Board's Access to School Premises Policy, all doors will remain locked during school hours. Our Safe Welcome Program provides an intercom and camera at the main door of the school for all visitors to communicate with the office prior to entering the school. This enhances the safety of students and staff. Please remember that anyone coming into the school must first sign in at the office and obtain a Visitor's badge. (Parents/guardians are not allowed access to the school yard before school or during recesses and noon hour.) At recess time, the school yard is well supervised and staff will question anyone whose presence is not expected. Each member of staff is wearing photo ID and is identified on duty with an safety vest.

If a parent/guardian needs to pick up his/her son/daughter during the school day, this must be facilitated at the office. Members of the office staff will call the student down to the office to be signed out. If parents send a friend/relative/designate to pick up their child, please advise the school in advance and ask the designate to provide photo identification at the office. If the student returns to school before dismissal, he/she must sign back in at the office so that his/her attendance can be monitored.

MAKE EVERY DAY COUNT - ATTENDANCE MATTERS

Attending school regularly helps children feel better about school—and themselves. Now is the time to start building this habit so your child learns right away that going to school on time, every day is important. Good attendance will help children do well in high school, college or university and in the world of work.

Did You Know?

- Absences can add up quickly. A child is considered chronically absent if he/she misses just two days every month!!

Research shows:

- Children chronically absent in kindergarten and grade one are much less likely to read at grade level by the end of grade three.
- By grade six, chronic absence is a proven early warning sign for students at risk for dropping out of school.
- By grade nine, good attendance can predict graduation rates even better than grade eight test scores.
- Being late to school may lead to poor attendance.

School success goes hand in hand with good attendance!

What You Can Do:

- Set a regular bed time and morning routine.
- Lay out clothes and pack backpacks the night before.
- Don't let your child stay home unless he/she is truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home. Check with your physician if frequent physical complaints are an issue.

- If your child seems anxious about going to school, talk to teachers, the school social worker, or other parents for advice on how to make him/her feel comfortable and excited about learning. Attending school regularly and arriving on time often helps students feel more comfortable and less anxious in the long run. Chronic absence makes it difficult for a child to feel a part of the classroom community.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbour, or another parent to help.
- Avoid medical appointments and extended trips when school is in session.
- Communicate with the school and let us know how we can best support you and your children so that they can show up for school on time every day. We want your child to be successful in school! If you have any questions or need more information please contact your child's teacher, principal or vice principal.

Safe Arrival - Automated Attendance

The Durham Catholic District School Board uses an automated attendance system, called Safe Arrival, for reporting student absences. Safe Arrival reduces the time it takes to verify student attendance making it easier for you to report your child's absence and easier for staff to respond to unexplained student absences. Parents are able to report their child's absence quickly and conveniently using three different methods:

1. Parents can log into a website: dcdsb.schoolconnects.com to access a Safe Arrival Parent Portal where an account can be set up to report absences; or
2. Parents can call into an automated interactive telephone system via a toll free number: 1-844-288-7628 through which absences can be reported; or
3. Parents can download the Safe Arrival app for iOS and Android smartphones: Search for the keyword "safearrival" in the Google Play store or the Apple App store. Use district code DCDSB (or you can search for Durham Catholic District School Board). Use your safe Arrival Parent portal username and password to authenticate your account. Parents are encouraged to use the confidential PIN to gain access to their account.

All three methods are available 24 hours a day, 7 days a week. Future absences, like doctor's appointments can be reported ahead of time.

RESTORATIVE SCHOOLS

We believe that safety begins with positive connections between the students, staff and parents. To foster these relationships, staff in the Durham Catholic District School Board use restorative practices, including classroom circles and small group conferences to build community within the classroom and the school. Restorative Practice is rooted in the same philosophical approach as Canada's Native Aboriginal communities. It rests on the belief that it is best to do things with people, rather than to them. When conflict arises, using restorative practice engages students in a fair process that responds to behavior in ways that strengthen and repair the relationship. It is collaborative rather than adversarial in nature. The aim of restorative practice is to hold individuals accountable for their actions while restoring and repairing any relationships amongst each other and within the community that may have been harmed.

Catholic Restorative Schools will:

- Provide opportunities for someone who has done harm to determine the effect of his/her actions and make reparations
- Provide a voice for the victim
- Use a common set of restorative questions both in and out of our classrooms to give the victim a voice and enable the perpetrator to determine the effect of his/her actions. *“How do you think your actions had an impact on others?” “What do you think you need to do to make things right?”*
- Use circles, or small group conferences to build community, develop empathy and understanding, and when needed, to repair relationships
- Celebrate our Catholic community through the Catholic virtues and Catholic Graduate Expectations
- Use think papers and reflective discussion papers aligned with the restorative questions

School Code of Conduct

All schools base their individual school Code of Conduct on the Ministry of Education Code of Conduct. As per Board Policy and the Ontario Safe School Act, a Code of

Conduct will be developed in consultation with parents, teachers and the Catholic School Advisory Council. All members of the school community will be responsible for adhering to the expectations as outlined in this Code of Conduct.

Schools within the Durham Catholic District School Board will focus on prevention, early intervention and progressive discipline as the key to maintaining a positive school environment in which students can learn and educators can teach. When inappropriate behaviour occurs, all staff members will utilize a range of interventions, supports and consequences that are developmentally appropriate, that include opportunities for students to learn from mistakes, and that focus on improving behaviour. In some circumstances, short term suspension may be the method of progressive discipline utilized. In the case of a serious incident, long-term suspension or expulsion, which is further along the continuum of progressive discipline, may be the response that is required.

Statement of Purpose

The provincial Code of Conduct sets clear provincial standards of behaviour. These standards of behaviour apply not only to students, but also to all individuals involved in the publicly funded school system whether they are on school property, on school buses, at school-related events or activities, or in other circumstances that could have an impact on the school climate.

The purpose of the Provincial Code of Conduct and the School Code of Conduct is:

- *To ensure that all members of the school community, especially people in positions of authority, are treated with respect and dignity.*
- *To promote responsible citizenship by encouraging appropriate participation in the civic life of the school community.*
- *To maintain an environment where conflict and difference can be addressed in a manner characterized by respect and civility.*
- *To encourage the use of non-violent means to resolve conflict.*

- *To discourage the use of alcohol and illegal drugs.*

Guiding Principles

Consequences for Student Behaviour

Commensurate with the Durham Catholic District School Board's Progressive Discipline Policy, when inappropriate behaviour occurs, schools are required to utilize a range of interventions, supports, and consequences that are developmentally appropriate, that include opportunities for students to learn from mistakes, and that focus in improving behaviour. In some circumstances, short-term suspension may be a useful tool. In the case of a serious incident, long-term suspension or expulsion, which is further along the continuum of progressive discipline may be the response that is required.

- *Conduct deemed to be unacceptable:*

Before the principal or vice principal makes a decision to suspend or recommend an expulsion he/she must consider all mitigating circumstances.

- *Whether the student has the ability to control his or her behaviour;*
- *Whether the student has the ability to understand the foreseeable consequences of his or her behavior; and*

- *Whether the behaviour was a manifestation of a disability identified in the student's Individual Education Plan;*
- *Whether appropriate individualized accommodation has been provided, and*
- *Whether the suspension is likely to result in aggravating or worsening of the student's behaviour or conduct.*

- *Encourage and assist their child in following the rules of behaviour; and*
- *Assist school staff in dealing with disciplinary issues involving their child.*

St. Mark the Evangelist Catholic School Code of Conduct

St. Mark the Evangelist Catholic School, as part of the Durham Catholic District School Board, focuses on prevention, early intervention and progressive discipline as the key to maintaining a positive school environment in which students can learn and teachers can teach. When inappropriate behaviour occurs, teachers, administration and all staff members will be required to utilize a range of interventions, supports and consequences that are developmentally appropriate, include opportunities for students to learn from mistakes and focus on improving behaviour. In

some circumstance, short term suspension may be a useful tool. In the case of a serious incident, long-term suspension or expulsion, which are further along the continuum of progressive discipline, may be the response that is required.

Appropriate Dress and Appearance

Students must:

- be attentive to personal grooming and cleanliness;
- arrive at school in neat, clean, seasonal clothes for both indoors and outdoors;
- wear age-appropriate attire that demonstrates modesty and respect for self and others and allows students to focus on learning;
- wear clothing that is intact, non-revealing, modest age appropriate (eg. No inappropriate messages/pictures/racist/sexual) and respectful; midriffs and shoulders covered (straps should be 3 finger width);
- wear shirts, pants, skirts and shorts of reasonable length. Mid-thigh skirts; low-cut tops, spaghetti straps, tube tops and muscle shirts are not appropriate for school wear. Skirts and shorts should be the length of extended arms where fingers are in contact with fabric. Undergarments must be totally covered and pants are to be worn at the waist;
- respect the Catholic learning environment at St. Mark the Evangelist Catholic School by wearing clothing that does not imply or contain violent, racist, profane, discriminatory or inappropriate suggestions;
- wear indoor shoes at all times while in the school building(s);
- remove hats, caps or other head coverings, as well as outerwear upon entering the school building(s); and
- dress with “sun wise” recommendations in mind. This means wearing a hat, putting on sun screen and covering up. Our children are out in the yard during the day when the intensity of the sun is highest from 10:00 a.m. to 2:00 p.m.
- be aware we discourage extremely tight fitting pants,

Leggings, yoga style pants and skinny jeans and if worn must be accompanied with a top/sweater of a modest length.

All students from J.K. to Grade 8 are strongly encouraged to label all clothing, shoes, and personal items with their name or initials. ***The school is not responsible for lost, damaged, or stolen items.***

Cell Phone

Students using cell phones (talking, texting receiving/sending messages, taking photos, making videos or checking message status) will have their phone confiscated and kept in the office until the end of that instructional day. If this action persists, parents will be notified to pick their child's cell phone. Subsequent infractions will result in progressive discipline which may lead to suspension.

ST. MARK'S CATHOLIC SCHOOL COUNCIL MEETINGS

Elections are held in late September and meetings are scheduled almost monthly beginning in October. They are held in the school Library. The Council was established as a result of direction from the Ministry of Education requiring the establishment of a formal parental representative group to provide input into school issues. We welcome all parents to get involved in the School Council either as a member of the executive or to regularly attend the monthly meetings as a parent.

SUPPORT SERVICES FOR YOUR CHILD

The Durham Catholic District School Board supports the belief that each student is unique, with individual strengths and needs. Our philosophy of inclusion provides for each child's strengths and needs in the neighbourhood school. For students experiencing difficulty or requiring support, services are available at the school level and are accessed through the School Team meeting process. If further intervention is necessary, system support services are available through the Student Services Department of the School Board and may be accessed by the School Team.

SEVERE ALLERGIES/ANAPHYLAXIS

At St. Mark School, we are proud of the protocol and procedures we have developed to reduce the danger to students who are at anaphylactic risk. It is, however, the responsibility of the entire community to assist in ensuring that the immediate environment and common carpeted areas for these students are allergen free. Please read carefully the information letter sent home regarding classes with anaphylactic students.

GETTING INVOLVED

At St. Mark the Evangelist Catholic School, we welcome the involvement of all our community members. Volunteers are required to have a ***Criminal Background Check for the current school year*** which can be received at the Durham Regional Police Department. Please pick up a letter from the office to receive the volunteer rate. For more information on how you can help in our school, **contact the office at 905-721-2460.**

Durham Catholic District School Board Pledge of Academic Honesty

Students of the Durham Catholic District School Board are instructed in faith and are taught to use the Ontario Catholic Graduate Expectations as the guiding principles for their moral, Christian, and academic development.

Academic honesty, based on respect for others and oneself, is a fundamental value in Catholic schools. Catholic educators are expected to teach students about the definitions of plagiarism and cheating and about measures they must take as responsible and self-regulating learners to avoid academic dishonesty.

Students are expected to:

- Submit work, including tests and exams, consisting of their own ideas, expressed in their

own words;

- Demonstrate respect for the ideas of others by acknowledging the sources they use in appropriate ways;
- Take responsibility for completing work on time and seek additional time or assistance when needed.

Failure to meet these expectations may result in a variety of consequences, one of which could include a mark of zero.

Student Pledge of Academic Honesty

I understand the importance of academic honesty, and I know that plagiarism and cheating are dishonest. If I cheat or plagiarize, I must accept the consequences of my actions, which could include a mark of zero.

My signature below indicates my pledge to demonstrate respect for myself, my teachers and my fellow students by acting honestly at all times in my academic work.

SAFE AND CARING SCHOOLS REPORT IT – NON-EMERGENCY REPORT SYSTEM

Parents and students are encouraged to report incidents of bullying or other school safety concerns as soon as they happen by contacting their teacher and/or school administration. We recognize that bullying affects a student's sense of safety and security, and some people may not feel comfortable reporting bullying or other school safety incidents. To help ease this worry, students and parents are welcome to use the **Report It** page available on the school website to report incidents of bullying or other safety concerns that have not already been reported. The information provided will be forwarded to the school principal for action. School safety concerns can be reported anonymously or contact information can be given so that appropriate follow-up can occur.

COMMUNITY THREAT ASSESSMENT AND INTERVENTION PROTOCOL – FAIR NOTICE

The Durham Catholic District School Board is committed to providing safe learning environments for all students, staff, school visitors and community members. When student behaviours pose a potential threat to safety or serious harm to self or others, all

schools in the Durham Catholic District School Board follow the Community Threat Assessment and Intervention Protocol (C-TAIP), which outlines how a school responds immediately to threatening behaviour. This protocol involves supports from various partners, including community agencies, hospitals and police services. Personal information shared throughout this process will always respect and balance each individual's right to privacy while ensuring the safety of all. For more information, please refer to the school website or ask the principal for more information.

SEARCH AND SEIZURE

According to the Police/School Board Protocol for Durham Catholic District School Board, it is the right and authority of the school to search school and personal property, such as lockers, desks, backpacks, purses, etc., without notice or permission of any person. Police may from time to time be invited onto school premises to conduct their own searches, also without prior notice to or permission of any member of the school community.

COMMUNITY PARTNERS

Through outreach, school and community partnerships already in place may be enhanced and new partnerships developed with community agencies and other groups within the community (e.g., Kinark Family and Child Services, Aboriginal Elders). Community agencies are important resources that schools can use to deliver prevention or intervention programs. Protocols are effective ways of establishing connections between boards and community agencies and formalizing the partnership. These partnership agreements must respect all applicable collective agreements and Board policies.

DURHAM REGIONAL POLICE SERVICE

The Durham Regional Police Service plays an essential role in making our schools and communities safer. The police investigate incidents in accordance with our Police/School Board protocol. This protocol is based on the provincial model developed by the Ministry of Education. The Durham Regional Police Service are instrumental in supporting our schools with all emergency preparedness procedures. Each of our schools has regular access to a School Liaison Officer.

Emergency Response Plans

Each September, as part of our Police/Board protocol we practice our emergency response procedures so all staff and students are well prepared in the event of a real emergency. Using newsletters and the school website, we will provide all families with details of our practices and the role that parents play in supporting a

school's emergency response.

Emergency response practices include:

Fire Drills: Students practise the appropriate way to exit the building when they hear a fire alarm. Practices are held when students are in class, at recess and where an exit might be blocked.

Lockdown: Students practise the appropriate way to respond to a threat of danger inside the school. Students are taught to get to the nearest and safest location as quickly as possible, what to do when they get there and the importance of remaining absolutely quiet.

Hold and Secure: Students practice how to respond to a threat of danger outside the school. In the case of a Hold and Secure, all exterior doors remain locked and students remain inside, away from exterior doors and windows until the Hold and Secure has been lifted. In most cases, the need for a Hold and Secure is at the request of the police, based on a situation in the neighbourhood. In these cases, the school must wait for the police to lift the request for a Hold and Secure.

Shelter in Place: Students practice how to respond to an environmental danger, like a hurricane. In most cases, the response will be a Hold and Secure with specific directions based on the environmental concern.

Bomb Threat: Students are taught the appropriate response to a bomb threat which includes never touching a suspicious package, and listening carefully to the directions of the teacher or the administration if an evacuation is warranted.

How can parents help?

Parents can help by following the procedures associated with each of plans should they be present during a drill or should a real situation occur. School administration must follow the direction of the police as soon as they become involved in an emergency response. As such, Parents must understand that schools are unable to release students during an emergency response without the expressed permission of the police.

Parents can also assist the school by emphasizing with their children the importance of closely following the direction of the staff during a drill or a real emergency. Parents should encourage their children to share any information they may have about a threat of violence toward a school or information they may have after a violent incident. It is everyone's responsibility to help keep our school safe.

PERMISSION FOR PHOTO AND VIDEO SHARING AT SCHOOL

As we try to keep pace with social media that is so much a part of our students' lives, it is important to be reminded of people's right to privacy. While taking photos or videos at various school events, please be mindful that it is illegal to post/upload/share photos or videos of anyone other than yourself or your child on the internet or anywhere without the expressed consent of the person or their guardian. Sharing photos or videos of others without their consent is a privacy violation.

BRING YOUR OWN DEVICE (BYOD)

BYOD means students bring their own electronic devices to school for educational purposes. Students are expected to use devices responsibly, and only with the permission and direction of teachers or other staff members. Research indicates that the use of technology increases engagement, which leads to improved student success. The following are reasons why BYOD works well:

- Students are usually experts in their own device and can customize it to suit their learning needs
- Students can use it to learn anytime, anywhere;
- Students can collaborate and work anytime; before school, after school, and at lunchtime; and
- Student-owned devices are often more up-to-date than those provided by the school due to the cost of replacing hardware for the entire system.

Our students are going to live and work in a world where people use electronic devices regularly. They need to learn how to use devices in a respectful, responsible and ethical manner. The Durham Catholic District School Board's BYOD procedures, School Codes of Conduct and Ontario Graduate Expectations will guide teachers in the process of teaching students what it means to be good digital citizens.

Not every parent can, or wants to send their child to school with an electronic device. Teachers will continue to plan lessons that do not require the use of a personally owned device. Teachers are encouraged to give advanced notice when they plan to incorporate electronic devices into a lesson. Students without devices will have the

opportunity to work collaboratively with other students or borrow a school device.

Students are required to use the Board's wireless network, which they can access at no cost while at school. They will not be permitted to access their paid data plans while in school. The Durham Catholic District School Board's network filter will help prevent students from accessing inappropriate web content while they are logged in at school.

Schools will have plans in place to help students keep their devices secure. Ultimately, students are responsible for lost, stolen, and/or damaged personal electronic devices, just as they are for other personal items brought to school.

DURHAM CATHOLIC DISTRICT SCHOOL BOARD CONCUSSION POLICY

All school boards in the Province of Ontario are required by law to have a Concussion policy and school board administrative procedures in place so that students, school staff and parents/guardians understand their role in preventing, managing and reporting suspected or diagnosed concussions.

A **concussion** is the term for a clinical diagnosis that is made by a medical doctor or a nurse practitioner. The definition of *concussion* below is adapted from the definition provided in the **concussion protocol** in the Ontario Physical Education Safety Guidelines.

A **concussion**:

- is a brain injury that causes changes in the way in which the brain functions and that can lead to symptoms that can be physical (e.g., headache, dizziness), cognitive (e.g., difficulty in concentrating or remembering), emotional/behavioural (e.g., depression, irritability), and/or related to sleep (e.g., drowsiness, difficulty in falling asleep);
- may be caused either by a direct blow to the head, face, or neck or by a blow to the body that transmits a force to the head that causes the brain to move rapidly within the skull;
- can occur even if there has been no loss of consciousness (in fact most concussions occur without a loss of consciousness);
- cannot normally be seen by means of medical imaging tests, such as X-rays, standard computed tomography (CT) scans, or magnetic resonance imaging (MRI) scans.

A specific concussion protocol and tool now exists in all Durham Catholic District School Board schools that includes responsibilities for Board and school staff, students and parents/guardians. Additionally, health units and sports and fitness organizations in Durham are using this protocol to raise awareness to help prevent and manage concussions.

It is **important** to note that all suspected concussions must be reported and a medical doctor or nurse practitioner make a diagnosis and participate in the ***Return To Learn and/or Physical Activity*** documentation process.

The concussion tool noted in this student agenda is a resource for school staff, parents/guardians and students. Parents/guardians and students are encouraged to contact your school principal for more details about the new concussion management and prevention safety protocols that exist to promote student safety and success.
